MAN DIES AT CLIFTON FROM SCALDS

NEW BALL GROUNDS TO BE SECURED

ASTORIA MAY HAVE THEM AT END OF STREET-CAR LINE IN ALDERBROOK IF NEGOTIATIONS ARE SUCCESSFUL.

Negotiations are being carried on to lease a piece of ground in Alderbrook at the end of the car line for a base ball park, and if it can be secured one of the best ball teams will be organized. Prominent Astorians are back of it and it is understood that the street car company is also interested in the matter. Over at Aberdeen the street car company own the baseball park which is located half way between Aberdeen and Hoquiam, and they have made a great success of base ball, Aberdeen being a member of the Northwest League. Astoria has a great many enthusiastic fans and years ago supported a firstclass team and if accessible grounds can be obtained will turn out crowds that will make baseball a success.

MAN DIES AT CLIFTON FROM SCALDS

OVERTURNING OF STEAM SHOVEL AT CLIFTON CAUSES DEATH OF MAN BY SCALDS FROM STEAM SHOVEL.

A man by the name of Quick, otherwise known as "Santa Fe Jack," died last night at Clifton of injuries received by the overturning of the steam shovel there. The steam shovel which had only just started work, belonged to the A. & C. R. R. It had been brought to Clifton to clear out the slides near there which occurred some time ago, so that the track might be straightened. At the first shovelful the engine tipped over and fell to the river and Quick, who was one of the crew, was badly scalded by escaping steam. He was immediately hurried to Clatskanie on an engine when Dr. Wood attended to his burns, but the man succumbed Monday night. His body was brought to Astoria on last night's train to the undertaking establishment of Wm. Pohl.

WALDORF CONCERT HALL.

There is an excellent Cinematograph exhibition at the Waldorf Concert Hall just now. The first series of pictures show some very interesting features of Japanese life—depicting amongst other things the curious methods the Japs have of doing their hair, some quaint skirt dancing, and many other effects. The next series shows the difficulties and amusing incidents which beset a couple who desirous of changing their lodgings set out in search of a new habitation. The scenes are most laughable and the many mishaps which befall the couple are excruciatingly funny until the pair resolve to return to their old home. This exhibition is well worth seeing.

IT MAKES A DIFFERENCE.

It makes all the difference in the world to the convivial man where, and what, he drinks. Most men desire beauty and cleanliness, and handsome appointments in the saloon they patronize regularly, as well as the essential pre-requisite of genuine wines and liquors that are served to them. And these things are so particularly and properly conspicuous at Otto Sund's elegant resort, the Commercial, at No. 509 on the street of that name that they account thoroughly for the fixed and splendid custom he enjoys. There is nothing allowed to pass his counter but the best and choicest in every department of indulgence, and the service behind it all, is the most pleasing and satisfying in the city.

For The Little People.

Every parent in this city should investigate, at once, the new and appreciable shoe for the youngsters, at Charles V. Brown's Commercial street house. They are called the "E. C. Scuffer" and are the very epitome of good wear and real comfort. They are going like wild-fire and the kids themselves are after them because they look so "comfy."

If a man knows anything of his own anatomy he must be aware that his stomach is a magnificent organ and entitled to the utmost consideration; knowing that he will eat at the Palace when he can conserve its safety and comfort, by eating only the best cooked, best served and most compensating meal in the city of Astoria. day, or night, it is always the same, and the Palace habit is one that pays to acquire. Arthur Smith is a master of the art of preparation and service, of all things edible.
